BROCHURE

is **INDOFRENCH** mattress SAFE ?

KEY BENEFITS

Indofrench natural latex mattresses are safe, comfortable and extremely durable. **Indofrench** natural latex mattresses are best known for their long-term comfort. Being made of High-quality latex, **Indofrench** mattress have an average lifespan of 12 to 20 years significantly longer than other types of mattresses. The resiliency of natural rubber is often credited for this longevity.

Indofrench natural latex mattresses have a number of benefits that makes a great choice for people with back pain. It is made of 100% natural materials and has no synthetic additives or materials. Natural latex mattress have a unique ability to adjust to your body's shape, weight and contour which can help with back pain. **Indofrench** Latex foam is the best option for those looking for a mattress that's eco-friendly, and a faster response time.

Designed to have optimal posture and lumbar support ensuring proper alignment of the spine thus ensuring healthy sleep and also eliminates back stiffness.

Designed to support any sleeping position, guaranteeing a peaceful and sound sleep with reduced partner disturbance.

ORTHOPEDIC COMPLIANCY | ECO FRIENDLY | DURABILITY | COMFORT

OWN THE SLEEP MEANT FOR YOU.

PINCORE MATTRESS

Indofrench mattresses have been specifically designed to avoid back pain and virtually eliminate back stiffness. A truly special feature of the natural latex mattress is its open-ended cell structure, which provides superior ventilation.

PINCORE PILLOWS

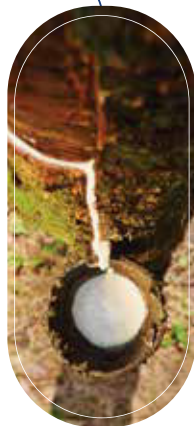

Indofrench pillows have hundreds of pincore on the surface that ensure cool and comfortable sleep. Its own resilience feature gives superior neck and shoulder support compared to other foam pillows.

1

we extract
LATEX
from the sap of a
RUBBER TREE

Our foam is made from natural latex, a highly durable cushioning material. Indofrench foams have no added petroleum or chemical additives, making them truly natural material

our products are
MANUFACTURED
using **DUNLOP**
PROCESS

Poured into a mould, which is then baked using a vulcanisation oven, where the foam is prepared to form a uniform bubble distribution.

2

our products undergo

3 **TIMES**
washing & drying
TTP PROCESS

makes soft & durable

Indofrench foams have been orthopedically designed to have optimal posture and lumbar support, ensuring proper alignment of the spine, by gently conforming to every contour of the body. Our foam provides superior back support, thereby reducing tossing and turning that interrupts sleep. Our foam undergoes a TTP (Three Times Purification) process where the mattresses are washed three times and dried. This ensures lifelong durability where lumbar support is directly linked to the foam durability. We offer 10 year guarantee against thickness distortion.

our mattress can be
CUSTOMISED
and has an inbuilt
WATERPROOF
protector

4

Indofrench Latex foam is the best option for those who are looking for a mattress with customisability. Mattresses come with a waterproof protector that will keep your mattress dry and will prevent any liquid from passing through it.

It is harvested and refined from the milk-like sap of a rubber tree called “ Hevea Brasiliensis ”. This process encourages the healthy growth of rubber trees as they can be tapped for up to 30 years which makes it soft, supportive, and extremely durable.
